A Thin Month

April was a poor month for contests. It started with the first (SC)² contest being cancelled at short notice because of high winds at Poway and continued with our own club contest being cancelled because of rain. Field conditions have been hit and miss as well with only one Sunday having half decent flying conditions. There has been a fair amount of wind during the week which has made for some exciting slope conditions but all the rain during March has caused a lot of mustard growth on the front side of Smith Hill, so much so that the normal landing area at the top of the hill is covered in six foot mustard stalks.

(Gary tells me that its practically impossible to land a Monokote covered plane on the hill at the moment without damaging it. I would disagree, it is possible to land it to the left of the launch area but the approach is difficult and really needs a plane with flaps to get a steep, controllable glidepath. Gary also tells me that Charlie has taken matters into his own hands and has started attacking the mustard with a weed-eater and any help that people can give with this effort would be appreciated.)

Craig has mailed everyone with the flier for the Club Day for May 25th. There was an initial false start with the date for this event (its was scheduled for the 18th) because of a clash with both the EDSF (SC)² contest and the CVRC Bent Wing contest. Note that there is no published notice for the EDSF contest, only the contest date and location are published on the main (SC)² Web site. (The EDSF site is on TG766:G7, Studebaker N from 405 to Spring St, E on Spring St to the park entrance and then to the N around the ponds (and under Wardlow Rd.) to the flying site.) This contest is both winch and HLG, the HLG starting immediately after the winch has finished.

SWSA is hosting a Swap Meet at their (SC)² event this Sunday (the 27th). Ron Adams sent out an EMail on RCSE that ran:-

"This month in Covina, Ca. April 27 2003 at the Southern California Soaring Clubs (SC-2) contest, Silent Wings Soaring Assn. (SWSA) will host a "Swap Meet" . Share your Treasures with others of your affliction. Please donate whatever you can spare to the SC-2 committee to further and enhance this program."

Also published in this newsletter is our new field permit. We have a delay applying for it because the AMA's rechartering effort stalled for a month or so but after we got our new insurance certificates we were able to apply and receive the permit in a matter of days. We also have a new insurance certificate for Paramount. ♦
