Fellow Members,

We would like to thank you for your participation in the Built Up Bent Wing Contest as a helper and/or competitor. It is through your actions that this contest was a success. Participation was not as high as in previous years. We also had more "paid" no-shows than in the past. Regrettably, this contest serves as one of the two big fund raisers for the club. We did turn a profit but not nearly as much as hoped for.

With the large number of club members and family members helping out, the contest ran smoothly. At times, we seemed to have more than enough help. As this served as a practice run for the upcoming SC2 contest on August 26 where we expect 3 to 4 times the number of participants, the slower pace made learning that much more pleasurable.

Congratulations for a job well done.

Looking forward to seeing you on August 26th when we do it all over again.

Gary Filice / Bob Swet

*Lex Mierop timing for Dave Griffin.*

*Dave was visiting from New Zealand. They borrowed a plane from Bob Swet for the contest. Dave placed fourth overall.*

*This picture was taken in July in Italy. Two tugs were returning to the field after releasing their saillanes when their towlines got tangled. The planes ended up tangled together and spun to the ground. Fortunately their descent speed was slow enough that the pilots were unhurt (the planes don't look that damaged, either)*
