Volunteers / Helpers Needed

Every year we host two regional contests in August — the BUBW and the (SC)². These contests attract fliers from all over the region — they're not just contests but TOSS showcases.

We need people to help run them — setup, teardown, impounds, winches and landing judges. It is possible to fly in the contest as well as help out but it still needs a lot of manpower (at least a dozen people, preferably more).

We need anyone/everyone who's available on these dates to volunteer to do something at the contests; every bit helps and all tasks are important.

The next club meeting (July 28th) will devote its business part to planning for these events. All members are invited. Light refreshments will be available.

EST STARTS: 9:00 AM

Flying at Wood Ranch — July 2004

The people in the picture to the right are, left to right, Bob (bending over), Martin, Alfredo, Charlie and Bill Wible. All these pictures are from Gary ("MU").

Martin ("your humble editor", BTW), about to throw the rebuilt Mako off the side of the hill. (This was Gary's old Mako 2 that suffered a catastrophic wing rod failure at last year's (SC)². It has a new fuse, rebagged wing and a non-carbon wing rod.)

(If you need some more incentive to not use carbon wing rods Martin's 2meter broke its carbon wing rod recently.) (Fortunately the Omega doesn't fall apart when the rod breaks.)

(Below) Alfredo prepares to throw his plane off the side of the hill for the first time (which he did after remembering to keep the fuse level!)

SCSA Cross-Country

There will be a Cross Country (1.2 Mile Goal and Return) on Saturday, September 11th at 110 and J in Quartz Hill (About 45 Minute Drive in the desert). Only Non-Cross Country sailplanes will be allowed. Thermal sniffers are allowed. Each pilot will have three timed attempts to complete the course with 100 points for each 1/10th of a mile completed (2400 points/round possible). If you finish, there will be a bonus prorated against the fastest pilot. No bonus if you fall short. Probably be both an open class and RES class for this event (pilots may fly both classes). The contest will be CD'd by Hank Schorz and (hopefully) Joe Wurts. Fees to be determined (probably between \$5 - \$10 per class). Nice trophies will be awarded for 1st - 3rd for each class.

Also, SCSA Club Contests for the next three months....

July 25th - SCSA July Contest (Delayed due to July 4th weekend) at Valencia High School, Pilots Meeting 9:00 AM Classes: Open and RES / Trophies 1st - 3rd each class / CD - Hank Schorz

Condors Get SERIOUS

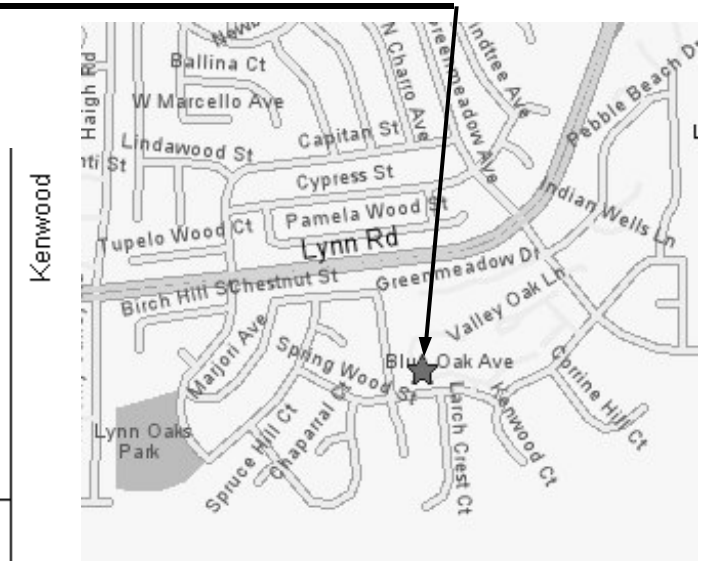

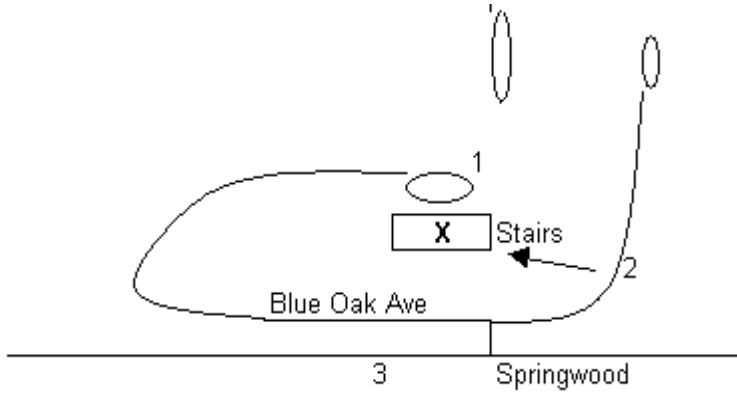

Since the last newsletter and the note about "Condors and Golf" there has been some more activity. I initially received some Emails detailing who to send protest letters to but before I could publish them in the newsletter I received hardcopy form letters from VCRMAA to send onto the county supervisors. They even came with envelopes (neither addressed nor stamped — well, you can't expect everything).

I suggest that we sign and mail their letters using a number of signatures per letter rather than just mass mailing the replies — it will save a lot of postage. I don't know if VCRMAA sent copies of these letters to all TOSS members but if you would like your own copy please let me (Ed.) know.

Its interesting to see that Ventura County Regional Model Aeronautics Association exists. We've only heard from them once several years back when they asked for a donation to get the Association going.

(The material came in an envelope with VCRMAA logo and return address printed on it. It also mentioned a website but the URL isn't valid and the domain not registered at this time.)

Next Meeting: Wednesday, July 28th at Blue Oak Avenue
