1	Spenser Nielson	2456
2	A.J. McGowan	2399
3	Manny Gomez	2244
4	Clark Knudtson	2150
5	Arthur Marston	2117

Senior Participants (Gray Cup) are flagged with an asterisk.

The table on the left is a summary of how TOSS did at the Fall Fest. Thirteen TOSS members signed up, 12 participated.

Comments from Bob Swet (who also supplied the results)....

"Had a good time. I got nailed by two rounds of major sink on Saturday. Not my day. 5 1/2 minutes short overall. Otherwise did very well. Big news is that first time Jim Pendergrass did excellent. Finished in the middle of the pack and competed for the "Jade" glider as the prize. Mike Reagan did very well. Finished 2nd overall with the AVA. Don McNamee finished 2nd in RES and won the Gray Cup.

Comments from Gary Filice.....

"Some pictures for you from Visalia. A contest that featured ideal weather conditions - not too hot, that is, and real heated competition in all classes. We had a TOSS attendance of no less than 13 members this year - an OUTSTANDING show of support for the TOSS showing. Those who flew included Craig Borstelman, Gary Filice, Art and Don McNamee, Don Northern, Lex Meiróp, Jim Pendergrass, Mike Reagan, Mike Stern, Bob Swet, Terry Koplán, Bill Nibley, Keith Millet. With the rounds being 3, 6, 7, and 8 min. the first day, this did not seem to be so bad. But, try flying for your eight minute at 5:05 in the evening! Many of the top pilots were hung out to dry in that last round of the first day! That round took exceptional flying skills, just to stay up in very soft air that was getting softer by the minute! And yes, they did it again with the split bull's eye as last year. Many were "bitten by the bite" on the back side of the Bull's eye and came up empty score wise. All in all, TOSS had Mike Reagan scoring first in RES with 2511 - enough points to win the open class as well that was won with 2508 points! Don McNamee came in 2nd with 2448, Don Northern came in 6th with 2377, Terry Koplán came in 8th with 2369, Jim Pendergrass came in "19TH" with 2205, Bob Swet took 25th with 2136, and Art McNamee was 33rd with 1966. HAH!! How about Jim Pendergrass with a 19th place for his first attendance at Visalia! Just goes to show - you don't know, till you go!! For the open class we had Bill Nibley at 21st with some really great flying getting a dandy 2468, Gary Filice with a 31st at 2448, Lex Mierop right behind with a 34th at 2442, Mike Stern at 86th with 2278, Keith Millet st 94th with 2252, Craig Borstelmann at 99th with 2232. A couple of TOSS members were signed up, but did not make it. These included Chris Koplán and Dave Butkovich(who was on filming assignment down under).Now add up a couple of great days of flying, good BBQ's, sprinkle in some great downtown dining spots, interesting shopping, and you have Visalia! Looking forward to having more of the spouses join in next year as well! No team scores were published as of this writing, but you can bet your bottom thermal that the TOSS team will be back next year stronger than ever!

One more contest in the 2003 series.....

Some of Gary's Visalia Pictures.....
Clockwise from Mike:-
"Mike's RES Trophy"
"Lex and Craig Back from another Round"
"The Gang"
"Onlookers"

HSS - (SC)² UPDATE

Oct. 22, 2003

Wow, lots of entries already received, channels are filling up so PLEASE get signed up ASAP so you won't miss out. When you email me don't forget to say what class you are flying in. I don't know everyone's SC2 class by heart.

It looks like we will run up to 11 pilots per slot to keep the number of slots to a minimum. The landing area has been watered and is showing a little green already; it's not grass but in either case it will be softer than usual.

The time change is contest day so if you don't set your clocks you will be 1 hour early. Great! We can use the help!! This will help us get started on time because the coastal fog should be gone by 9:30 first flight. (*Forecast suggests Santa Anas.....Ed.*)

Remember, all pilots need to sign up by 9:00. Please don't be late. Entries will close and no one will be added to the matrix if they are late. No one. Not even you.

The HLG contest scheduled for after the SC2 is canceled. Sorry but there will not be enough time. Tell your friends please.

To keep the contest moving there is a strong chance that we will launch the next slot 8 minutes into the previous slot. If we do this we could save 36 minutes per round. We need the extra time. This should let enough separation so we won't crowd the landing zones. We will only launch if the previous group is downwind clear of the launch area. After a few minutes everyone is usually downwind a fair amount anyway.

Thermal dogs and sodas at the field. Check the web site Friday, <http://www.f3x.com/Contest/hssc2.htm>. I will freeze the list Friday night and anyone who signs up later will need to be on an open frequency. As of today only 2 are closed. Ch.49 & ch 52 in Expert.

That's about it except for thanking all the guys at HSS for helping get the field and equipment in shape. Thanks guys, we can't do it without you!!

TPG (SC)² Flier

Next Meeting: Wednesday, October 29th at the Greenhouse Cafe, 7:00pm

(SC)² Contest: Sunday, October 26th at HSS (Costa Mesa)

Club Contest: Sunday, November 9th at Redwood

(SC)² Contest: Sunday, November 16^h at TPG (Poway)

Need a winch? Call 492-1176 before 9:00am for delivery to the field
