# TOSS TALK

## F.Y.I.

The B.J. Weisman 2M "TOP GUN" contest is set for November 14, 1993. Please see flyer in this months newsletter.

Attendance at club meetings is way down. We had 6 members at last months meeting and around 12 contestants at last months contest.

We would like some feedback from any and all members on what we can do to improve member participation.

My experiment of passing out the newsletter at the monthly meeting to save on stamps failed since we only saved about \$1.74.

SC2 contest in November has been cancelled due to lack of a flying field.

A glider contest will be held in Santa Barbara on October 3rd. Contact Larry Jimenez for details.

One of the topics of conversation has been on whether or not to raise the dues from \$20.00 to \$25.00 in order to help pay for the rising cost of our *fine* newsletter.

The question was asked of me "**how much experience is needed to fly in our club contest**". My answer was "**not much, haven't you ever seen Thomas fly?**"(just a joke). Beginners are encouraged to come out and fly.

Please check over the roster for any mistakes that need correcting.

Has anyone seen Jim Geohgan.

Thomas Akers will no longer be able to attend meetings due to school obligations.

We will be electing club officers for next year in the meetings to come, so keep this in mind and give us your nominations.

We will need volunteers for the up coming **Delta Dart workshop** on October 9th. at Paramount Ranch. Please contact Bob Swet at 388-9619. See flyer in this newsletter.

Robert Hsieh and Bill Council have been spotted flying the heck out of their hand launch gliders.

Don McNamee and Art McNamee have lots of good stuff for sale if you need a radio, kit, or a built glider give them a call.

That's all folks.....

## F3B World Championships Results

Here are the results of the F3B World Championships in Israel compiled from various sources by the Eastern Soaring League.

1. Dennis Duchesne (14591 out of 15000)..... Belgium
2. Joe Wurts ..... USA
3. Klaus Kowolski ..... Germany
4. Nick Wright..... Great Britain
5. Reinhard Liese ..... Germany
6. Peter Kowolski..... Germany
7. Gunter Aichholzer ..... Austria
8. Joroen Smits..... Netherlands
9. Thomas Kuebler ..... Switzerland
10. Randy Spencer..... USA
12. Darryl Perkins..... USA
14. Larry Jolly ..... USA

### Team Standings

1. Germany
2. Austria
3. USA

Darryl was leading after five rounds but conditions were poor on the last round. Darryl Perkins suffered from a midair, while Larry Jolly had TWO. Scores were really close, the top five positions were only 40 points apart out of almost 15000!

## Lyme Disease A Threat to Modelers?

Is it a threat? You bet! This year, 1993 is shaping up to be a banner year for the deer tick population, responsible for the tick-borne Lyme disease. Many modelers, especially free flighters and sail plane enthusiasts, come in frequent contact with open fields and grasslands that support deer and rodents that carry the deer tick.

Named for Old Lyme, Connecticut where it was identified in 1975, Lyme disease is a bacterial infection. In about 80% of cases, the first symptom is a target-like bullseye at the site of the bite. Later symptoms include flu-like muscle aches and fever, dizziness and fatigue. Longer term symptoms include memory loss, poor coordination and an irregular heartbeat. Arthritis can set in weeks or even years after the bite.

The deer tick is a tiny black arachnid (not insect) that resembles a pinhead with legs. Lyme disease is thought to be transmitted by the deer tick in its nymphal stage where on your body it most closely resembles a dark freckle.

Following exposure to a tick-infested area, a meticulous body inspection is an effective way of preventing infection. Check your body behind the knees, your hair, armpits and under your watchband. To remove the tick, use a pair of small pointed tweezers to grasp it as close to the skin as possible. Pull it straight back and avoid crushing the body. The odds of becoming ill with Lyme disease increase the longer the tick remains attached to your body.

Precautions can be taken to avoid the deer tick. When flying in possible tick-infested areas, wear long pants and long sleeved shirts. Tuck your pant cuffs into your socks and consider taping the area where the pants and socks meet. Spray insect repellent containing DEET on your clothing and skin (follow directions). Try to keep the area in and around your flying site mowed, when possible, making it harder for the creatures that harbor the ticks to inhabit.

# TOSS FLYING FIELD RULES

## FIELD RULES

These are some of the rules that apply to our flying fields. The disobedience of these rules will mean the loss of the flying site.

### ALL LOCATIONS:

- 1) AMA membership and 1991 approved radios are required.
- 2) Observe all applicable AMA Safety and Flight regulations.
- 3) Beginners should not fly alone.
- 4) Guests should be accompanied with a member at all times.
- 5) Fields are to be used for the purpose of flying non-powered R/C Gliders.

### REDWOOD SCHOOL:

- 1) We only have field priority on Sundays. So if you are at any other time, you must yield to the other activities.
- 2) All garbage must be removed at the end of your session.
- 3) Use flight area discretion. In simple terms, don't fly low over houses or people. Beginners fly only over the lower field.
- 4) You must possess a copy of the usage permit at all times.

### PARAMOUNT RANCH:

- 1) Obey all park rules and regulations.
- 1) Use the area (north loop of race track) for all flying sessions.
- 2) The above area is available during regular visitor hours if the area is not in use (by park approved groups).
- 3) Do not fly over spectators or low over the road.
- 4) The site must be in the same condition as prior to its use. This means that you must remove all garbage that you bring including rubber bands, cups, cans, balsa wood, covering, etc.... You are responsible for the separation and recycling of glass and aluminum containers.
- 5) You are responsible for security of anything left overnight.
- 6) Do not remove, damage, or destroy any items (other than your garbage) without prior park approval.
- 7) Two workshops (Delta Cub Contests) are to be provided by TOSS during the year.
